

SPOTLIGHT
**Financial Application Engineer
Bloomberg**

Bloomberg is the leading global provider of data, news and analytics. The BLOOMBERG TERMINAL and Bloomberg's media services provide real-time and archived financial and market data, pricing, trading, news and communications tools in a single, integrated package to corporations, news organizations, financial and legal professionals and individuals around the world.

Bloomberg offers exciting opportunities for highly motivated problem solvers. The successful applicants will be involved in the design and development of its state-of-the-art line of financial information products. This position leads to a variety of career paths ranging from technologist to financial specialist.

An extensive training program provides the Bloomberg specific technical and financial skills needed to succeed in the fast-paced world of finance and technology.

Well, LOST finally returned to the airwaves. If you still did not get enough, check out [Previously on Lost](#). All of their songs recap Lost episodes, and the surprising thing is, they're pretty good! (If you like **They Might Be Giants** and Sayid, check 'em out.)

It is Oscar time! Check out the [nominees](#).

And what are good films without their bad counterparts? Check out the nominees for this year's [Razzies](#).
