

Biology Research Internships for International Students

- ❖ Please make sure you check with the institution/company if they have funding for this summer AND are open to hiring an international student before applying for a position! Good luck!
- ❖ Please note that you need to apply for the Optional Practical Training (OPT) permit in February/March if you want to work off-campus (=not in Grinnell) over the summer. Contact the Office of International Student Affairs for more information (x3703 or email Brenda Strong: strong@grinnell.edu)

UNITED STATES

1. Opportunities that may not require citizenship/residency put together by Rochester Institute of Technology: <http://people.rit.edu/%7Egtsbi/Symp/coopinternational.htm>
2. Private company internships put together by RIT: <http://people.rit.edu/%7Egtsbi/Symp/private.htm>
3. Harvard FAS Center for Systems Biology: <http://sysbio.harvard.edu/csb/jobs/undergraduate.html>
4. J. Craig Venter Institute – Discover Genomics Internship: <http://www.jcvi.org/cms/education/internship-program/>
5. Vanderbilt University Summer Science Academy: <https://medschool.mc.vanderbilt.edu/ssa/?q=node/19>
6. Morehouse College + Center for Disease Control and Prevention – Public Health Internship: <http://www.morehouse.edu:16080/centers/phsi/imhotep/program.html#>
7. University of Wyoming - Bioinformatics and Computational Molecular Biology Undergraduate Summer Research Program: <http://www.wyomingbioinformatics.org/SummerSchool/>
8. Mayo Clinic Summer Undergraduate Research Fellowship: <http://www.mayo.edu/mgs/surf.html>

Biology Research Internships for All Students Interested in Working Outside of the United States (non-REUs)

- ❖ Please make sure you check with the institution/company when the employment period starts and ends. Some European programs tend to start later than the American ones and often end in late August.

REPUBLIC OF IRELAND, EUROPE (NOT UK)

1. National University of Ireland, Galway (NUIG) – Infectious Disease Program: <http://www.idureka.com/home.php>
2. National University of Ireland, Galway (NUIG) – Molecular Recognition Program: <http://www.nuigalway.ie/urekamolrec/>
3. National University of Ireland, Maynooth (NUIM) – Molecular Evolution Program: <http://bioinf.nuim.ie/ureka/>
4. University College Cork (UCC) - Microbe-Host Interaction: <http://ureka.ucc.ie/page2.html>
5. Dublin City University (DCU) - Diagnostics for Monitoring Diseases: <http://www.bdi.ie/Diamond/>
6. University College Dublin (UCD) – Collection-based Biology: <http://www.ucd.ie/ureka/>

SWITZERLAND, EUROPE

1. University of Lausanne – School of Life Sciences: <http://ssv.epfl.ch/page64103.html>

GERMANY, EUROPE

1. Nanosystems Initiative Munich - International Summer Research Program: <http://www.nano-initiative-munich.de/summer/>
2. German Academic Exchange Service (DAAD) - Research Internships in Science and Engineering (RISE): <http://www.daad.de/rise/en/index.html>

ISRAEL, MIDDLE EAST

1. Weizmann Institute of Science - The Kupciner - Getz Science School for International and Israeli Students: <http://www.weizmann.ac.il/midrasha/summer/>
