

## SAAC Minutes for September 23<sup>rd</sup> meeting

- Approved the new and revised Constitution

### **Community Service Project-**

- talk with conference about what community service project to do for this year
  - \* contact Coe College about flood relief projects we could help out with

### **Overview of meeting with Osgood about tennis complex:**

- main issue is \$
- athletes don't donate as much \$ as other alums
- we aren't ready to add anymore athletic facilities, rather the next order of business is to build a new library
- issues with donating \$ for the new field house that is being built right now
- one concern with getting funding is that some people don't want to donate to a general fund, rather specific funds

Other options to make the new facilities more useful for all sports: purchase artificial turf so that soccer and football could practice on a more realistic surface.

Osgood's recommendation to what SAAC can do to help:

- raise \$ for phase II
- send letters to athletes of our programs asking for donations
- we help out and get in contact with alum athletes when they are on campus

### **Other business:**

- When your sport is playing at home you should e-mail the SAAC group and let everyone know.
- We still need a female athlete to go to the NCAA conference in Chicago, Illinois
- Need to find a charity to donate the money we raised last year.
- Concessions- ideally, we would like to have each team take a game and work the basketball games
- We should inform athletes about non-related athlete events that are happening around campus and encourage them to attend.
- SAAC t-shirts
  - need a design
  - long\short sleeve ?
  - need a list of all SAAC members and their t-shirt sizes
