- The deadline is typically around: (check their website for actual deadlines)
 - March 1 for fall and academic year applications
 - October 1 for spring and summer applications

[Boren Awards](#)

Boren Scholarships provide unique funding opportunities for U.S. undergraduate to study less commonly taught languages in world regions critical to U.S. interests and underrepresented in study abroad, including Africa, Asia, Central and Eastern Europe, Eurasia, Latin America, and the Middle East.

Check with programs to see if they offer funding. If they do, application materials are usually on their website.

- If the application requires the Office of Financial Aid to provide information, please bring the application to the office. We may need to have you sign a release giving us permission to share information with the program.
- Scholarships from OCS programs typically reduce your out of pocket, loan, or loan related to work-study that won't be available to you while abroad.
- We make every effort to NOT reduce institutional gift aid.
