Re: Enrollment for Preschool
2025-2026 School Year

Enclosed is the Grinnell College Preschool application. Please complete and return the application by 3:00 p.m. on Friday, March 21, 2025.

Children returning to the Grinnell College Preschool will have first choice of session preference. Children will be admitted and assigned to a session based upon the age of each child, from oldest to youngest, and the requested session. We also attend to gender and diversity when making class assignments. The rationale for this system is two-fold. First, it supports the mission of the preschool as a research facility for the Grinnell College Psychology Department by increasing the number of responses needed for research projects in Psychology. Second, it encourages older children to have a preschool experience before attending the all-day kindergarten program.

All three sessions will offer kindergarten readiness activities as needed.

To enroll, children must be three years old by September 15 and be toilet trained.

You will receive an email toward the end of March with notification of your acceptance and assignment to a session or placement on our waiting list. The waiting list is only for the 2025-2026 academic year. Open positions in each session will be filled from the waiting list.

If there are any questions, contact Karen at 641-269-3320, or veerhuse@grinnell.edu
