Creating a CSS Profile Account for Parent Use

To complete a CSS Profile application, you need a College Board student account. If you need to complete the CSS Profile as a parent (for example, as a noncustodial parent), you still need to create and use a student account. You just need to create a student account using the parent’s information.

Account creation step-by-step:
1. Go to cssprofile.org
2. Click the Sign In to button for the appropriate application award year
3. Click Create Account under Don’t have an account?
4. Create your account using your (the parent’s) information, not the student’s information.

Once you have created your account and are completing the CSS Profile application, be careful to answer student sections with the student’s information and parent sections with the parent’s information.
