

## 2013-14 Advanced Placement and International Baccalaureate Policy

This chart lists the credit and course equivalency awarded for Advanced Placement (AP) and International Baccalaureate (IB) exams taken prior to matriculation at Grinnell College. Conditions:

- First-year, first-time freshmen are limited to a maximum of 24 pre and post-matriculation credits (AP, IB, college credits).
- All AP/IB credits awarded are counted as Divisional credit and are not subject to the 48 credit departmental limit.
- AP/IB credits awarded count toward the 124 credits required for the degree.
- Where an equivalent course is listed below, the AP/IB credits can be used to meet the prerequisite for another course.
- AP/IB credits count toward the 32 or 34 credits required for a major only if NOTES column indicates "For major credit".
- AP/IB scores and corresponding credit will be cancelled upon successful completion ("D" grade or better) of any equivalent Grinnell course as listed below.
- Credit is awarded only from an official score report received directly from the College Board for Advanced Placement or an official transcript received from International Baccalaureate. We accept only IBH scores (Higher Level Exam).
- Exam names apply to both AP and IB unless otherwise noted.

EXAM NAME	MINIMUM SCORE	EQUIVALENT COURSE CREDITS AWARDED	NOTES
Art History	AP-4	4 in Humanities Div	Not for major credit.
